**AGREEMENT TO SHARE INFORMATION  
NATIONAL EDUCATION POLICY NETWORK**

NSBA's National Education Policy Network (NEPN) is a *cooperative service* to NSBA National Affiliates. The sharing of policy samples, administrative regulations, information on emerging policy topics, and ideas on the policy-making process is the major function of NEPN. By sharing your district-created policies, you keep NEPN vital. Through mutual sharing by all NEPN participants, the Clearinghouse is able to provide the policy assistance everyone needs.

With this in mind, please sign and return the statement below.

Please check the appropriate boxes:

- Our policies are available on our district web site at [http://\\_\\_\\_\\_\\_](http://_____)
- We are sending, under separate cover, a copy of our current policy manual.
- We will send to NEPN a copy of all new policy statements as they are adopted. ★
- We will put NEPN on our mailing list for the receipt of our school board/district newsletter(s). ★

★Please send policies on disk or as e-mail attachments to [DGray@nsba.org](mailto:DGray@nsba.org) whenever possible.

We grant the National School Boards Association permission to disseminate our policies to other school districts with minimum editing necessary for classification and common format.
